

Daniel Amenyenu – Frontend Developer

amenyenuDaniel321@gmail.com | Accra, Ghana, | +233554664707 | [Linkedin](#) | [Website](#) | [GitHub](#)

Profile

As a frontend developer with over 5 years of progressive experience, I have honed my expertise in Next.js and React. I have a proven track record of developing responsive and high-performance web applications, and I am adept at utilizing a range of tools and technologies, including React, Redux, JavaScript, TypeScript, HTML5, and CSS3. My experience has equipped me with the skills to create engaging user interfaces and contribute to the seamless functionality of web applications.

Experience

FRONTEND DEVELOPER | 21ST CENTURY REVIVAL | OCTOBER 2021 - PRESENT

- Boosted website engagement by 25% through intuitive interactions and immersive storytelling, as measured by Google Analytics.
- Reduced bounce rate by 10% with lightning-fast loading times achieved through Next JS optimization, leading to happier visitors and higher conversion rates.
- Earned praise from 90% of user surveys for the website's intuitive interface and seamless user experience, exceeding client expectations.

CEO & FOUNDER, FILMJETHUB ~ FRONTEND DEVELOPER | JULY 2022 – PRESENT

- Led the development and launch of a successful online streaming platform with over 300 users, resulting in consistent growth and positive reviews.
- Orchestrated end-to-end website development, applying advanced frontend development skills to create an intuitive and visually appealing user interface, ensuring an exceptional user experience.
- Applied responsive design principles to improve cross-device accessibility, ensuring a seamless streaming experience across desktops, tablets, and mobile devices.

FRONTEND DEVELOPER INTERN | HNG INTERNSHIP | AUGUST 2023 – NOVEMBER 2023

- Among 24 finalist out of 22,000 candidates, demonstrating dedication and skills.
- Implemented version control using Git and GitHub, maintaining a collaborative and organized development environment, and staying abreast of industry trends and advancements to meet the highest standards.
- Collaborated with backend developers to deliver a Next JS-based screen recorder Chrome extension, resulting in a 30% reduction in traffic.
